

- Interstar integral Concrete Curb
Colors are mixed into the concrete
so colors will never wear off.

- Vibrant
- Permanent
- Will never fade
- Wide selection of colors

- If curb chips, it would be much
less noticeable since the curb is
colored throughout.

- No mess, no fuss and easy to use.

**Interstar adds curb appeal
to your landscaping!**

Concrete Curb Colors

INTERSTAR
Pigments, Admixtures & Fibers

IMPORTANT:

Because the color of concrete can be affected by many factors, **this color chart must be used only as a guideline**. It offers an approximation of the colors that can be obtained. A test pour using your materials and finishing techniques is the best way to determine if the desired color can be obtained.
